

CHANNEL®

BUN PAN RACKS

Channel's broad selection of bun pan racks, along with our custom capabilities, offer the best solutions for your applications.

GOOD

Economy AC-Series

- All-welded aluminum construction w/ 1" square extruded tubing.
- 5" all-swivel, stem casters.
- All-welded pan slides accommodate 18"x26" bun pans or 13"x18" half size bun pans (two per shelf on end load racks).

BETTER

Standard Heavy-Duty A-Series

- All-welded, aluminum construction, w/ 1" square high tensile strength extruded tubing.
- Lifetime guarantee against rust.
- End load or side load models.
- 5" polyurethane, all-swivel, plate casters.
- All-welded pan slides accommodate 18"x26" full size bun pans or 13"x18" half size bun pan (two per level on end load racks).
- Stainless Series models available: 18 gauge, 304 stainless steel.

BEST

Extra Heavy-Duty AXD-Series

- LifeTime Tough, aluminum construction, w/ 1-1/4" all-welded high tensile strength extruded tubing: **Built to Last.**
- Lifetime guarantee against rust.
- End load or side load models.
- Heavy-duty 5"x2" polyurethane, all-swivel, plate casters with Zerk @ grease fittings for ease of periodic maintenance.
- Heavy-duty angles are doubled welded for superior strength and durability.
- Accommodates 18"x26" full size bun pans or 13"x18" half size bun pans (two per level on end load racks).
