## Dormont Blue Hose® Moveable Gas Connector Kit

1675KIT48

3/4 inch inside diameter 48 inch long Hose to have stress guard rotation end fittings, stainless steel braid, and Blue PVC Antimicrobial coating. Kit includes industry exclusive SnapFast® Push-to-Connect Quick Disconnect, 1 full port valve and 2 elbows, and 1 coiled restraining cable with hardware. *NSF Lifetime Limited Warranty.*

- Each gas connector is 100% leak tested to meet and exceed applicable codes and standards—providing a high quality, safe connection for the customer.
- SnapFast Push-to-Connect makes connecting and disconnecting moveable equipment safe and easy for cleaning, maintenance, and service.
- SnapFast Industry Exclusive only available with the Dormont Blue Hose.

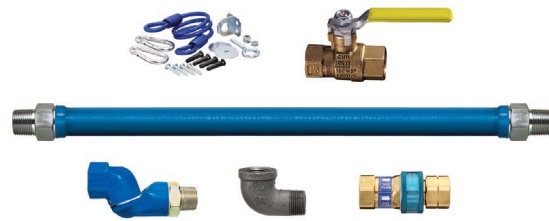

## Dormont Blue Hose® Moveable Gas Connector Kit

1675KITS48

3/4 inch inside diameter 48 inch long Hose to have stress guard rotation end fittings, stainless steel braid and Blue PVC Antimicrobial coating. Kit includes industry exclusive SnapFast® Push-to-Connect Quick Disconnect, 1 Swivel Max® 360 multi-plane rotational device, 1 full port valve and elbow, 1 coiled restraining cable with hardware. *NSF Lifetime Limited Warranty.*

- Each gas connector is 100% leak tested to meet and exceed applicable codes and standards—providing a high quality, safe connection for the customer.
- SnapFast Push-to-Connect makes connecting and disconnecting moveable equipment safe and easy for cleaning, maintenance, and service.
- SnapFast Industry Exclusive is only available with the Dormont Blue Hose.
- Swivel Max prevents transmission of strain to connector and expands aisle space by allowing equipment to be moved closer to the wall.

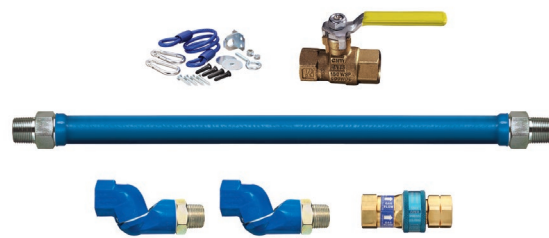

## Dormont Blue Hose® Moveable Gas Connector Kit

1675KIT2S48

3/4 inch inside diameter 48 inch long Hose to have stress guard rotation end fittings, stainless steel braid and Blue PVC Antimicrobial coating. Kit includes industry exclusive SnapFast® Push-to-Connect Quick Disconnect, 2 Swivel Max® 360 multi-plane rotational device, 1 full port valve, and 1 coiled restraining cable with hardware. *NSF Lifetime Limited Warranty.*

- Each gas connector is 100% leak tested to meet and exceed applicable codes and standards—providing a high quality, safe connection for the customer.
- SnapFast Push-to-Connect makes connecting and disconnecting moveable equipment safe and easy for cleaning, maintenance, and service.
- SnapFast industry exclusive is only available with the Dormont Blue Hose.
- Swivel Max prevents transmission of strain to connector and expands aisle space because equipment can be moved closer to the wall.

## Dormont Blue Hose® Moveable Gas Connector Kit

16100KIT48

1 inch inside diameter 48 inch long Hose to have stress guard rotation end fittings, stainless steel braid and Blue PVC Antimicrobial coating. Kit includes industry exclusive SnapFast® Push-to-Connect Quick Disconnect, 1 full port valve and 2 elbows, and 1 Coiled Restraining Cable with Hardware. *NSF Lifetime Limited Warranty.*

- Each gas connector is 100% leak tested to meet and exceed applicable codes and standards—providing a high quality, safe connection for the customer.

## Dormont Blue Hose® Moveable Gas Connector Kit

1675KITCF48

3/4 inch inside diameter 48 inch long Hose to have Stress Guard Rotation end fittings, stainless steel braid and Blue PVC Antimicrobial coating. Kit includes Safety Quik® Combination Push-to-Connect Quick Disconnect and gas valve in one that prevents gas connector from being disconnected until gas valve is shut off, 2 elbows, and 1 coiled restraining cable with hardware. *NSF Lifetime Limited Warranty.*

- Each gas connector is 100% leak tested to meet and exceed applicable codes and standards—providing a high quality, safe connection for the customer.
- Safety Quik will not allow gas valve to be opened until the connector is re-connected.

## Dormont Safety-Set® Positioning System

PS

### Now with Antimicrobial Additive

Designed to return caster-mounted equipment to a specific spot beneath fire suppression or ventilation systems after every cleaning; Accommodates 4," 5" and 6" casters and withstands up to 1,000 lbs. of crush force; Meets NFPA Codes 17A and 96; Can be used with all caster-mounted equipment; Includes 2 Safety-Set units with thumb screw and hardware pack.

- Safety-Set helps ensure that gas equipment is situated beneath fire suppression or ventilation systems.
- Open-floor design allows equipment to rest level on the floor to help ensure even cooking.

## Dormont Swirl Hose Water Supply Line Kit

71-1115-48

1/4 inch inside diameter 48 inch long to be lead free, durable, retractable NSF-Certified Polyurethane and include 2-way stainless steel Quick Disconnect that allows equipment moving for cleaning without disconnecting water supply; also to include male adapter/female elbow; Maximum temperature rating 160 degrees F; Maximum operating pressure 100 PSIG.

- Flexible design easily extends and retracts without damage versus a Copper Swirl Hose.
- Perfect application with ice machines and beverage equipment.

## Dormont Combi-Oven Water Connector

CMB37BP2Q48

3/8 inch inside diameter 48 inch long hose to be lead free, stainless steel corrugated braid, coated in gray Antimicrobial PVC; to include lead free water quick disconnect 2-way coupling that shuts off water at equipment and supply. NSF Listed to NSF/ANSI 169 and NSF/ANSI 372; Maximum operating pressure 150 PSI; Maximum temperature rating 225 degrees F.

- Each gas connector is 100% leak tested to meet and exceed applicable codes and standards—providing a high quality, safe connection for the customer.
