Premium Menu Covers Crafted For Hospitality

OUR STORY

Risch Inc. was founded in 1935 by Hans Risch, an immigrant from Liechtenstein, who sought a better life for his family in Upstate New York. He began his journey in the menu cover business, printing and selling paper menus door-to-door, leaving an impression wherever he went.

Fast forward nearly a century and you will find a women-owned, women-led, 3rd and 4th generation employed business that remains thriving and true to its vision: helping all customers, no matter the size of industry, make beautiful, lasting first impressions to grow their brands and businesses.

Risch remains one of the top USA manufacturers within the restaurant and hospitality industries. Our quality and vision have continually been strengthened by expanding and adjusting our product lines to meet the ever-changing needs of our customers and industries we represent.

OUR MISSION

We believe in helping customers set the table for success through our curated selection of artisan designed & handcrafted products.

DESIGNING YOUR MENU COVER

Every Risch product is designed with flexibility in mind. Our configuration options allow you to tailor menu covers, check presenters, binders, and accessories to match the exact needs of your operation or brand.

By selecting the options that best fit your application, you can create a finished piece that reflects both function and style. Use this guide as a starting point when specifying your product. If you need assistance refining your selections or developing a custom solution, our team is ready to help bring your vision to life.

For decades, Risch has partnered with hospitality professionals to produce presentation products that enhance the guest experience and stand up to the demands of daily service.

METRO

Embody a sleek and modern feel with the Metro line.

Metro Iron is perfect for those seeking a metallic aesthetic without the shimmer. The hammered texture creates a look that is both strong and sleek, but more casual than traditional metals.

Metro Mesh blends the classic linen look with a modern, edgy aesthetic. The multi-color weave gives it a subtle metallic shine, creating a statement piece that works with all décor.

PERSONALIZATION

Make your menu presentation one-of-a-kind with our wide variety of artwork application options, durability upgrades, and customizable detailing.

Personalize your menu cover with your logo, colors, and materials of choice to create a polished presentation that complements your restaurant's atmosphere.

At Risch, we are dedicated to bringing your unique vision to life.

CUSTOMIZATION OPTIONS

We offer a vast selection of imprint options to help you create a custom look for your menu covers. While nearly all our products can have customized logos and prints, it's important to note that not every imprint option is viable on every product. To ensure the best results, all stamping and imprint options are clearly noted by product/collection.

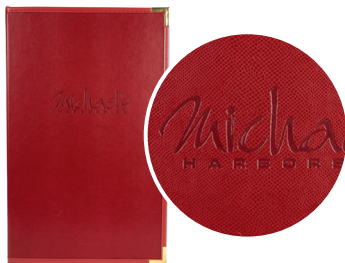

COLOR FOIL STAMP

Create a striking impression of your logo with our color foil stamping service. We use a metal die to apply your logo onto the product with a wide range of foil color options to choose from (see all options on pg 66). This option is available for most products in our material bound collections.

BLIND DEBOSS

For a sophisticated and subtle look, choose our blind debossing service. We use a metal die to recess your logo onto the product without the application of foil.

BURNISH

Our burnishing service produces a branded, darkened, and recessed effect of your logo onto the product, without the use of foil. We use a metal die to create a lasting impression that adds a touch of elegance to your menu covers.

EMBOSSING

Our Patina Copper products can be customized with our embossing service. We use an inverted copper metal die to create a raised logo without the use of foil, giving your menu cover a distinct and unique look.

LASER ENGRAVING

Our wood products can be customized with our laser engraving service to engrave your logo directly into the wood. This option provides exceptional detail and is the only available option for our authentic wood products.

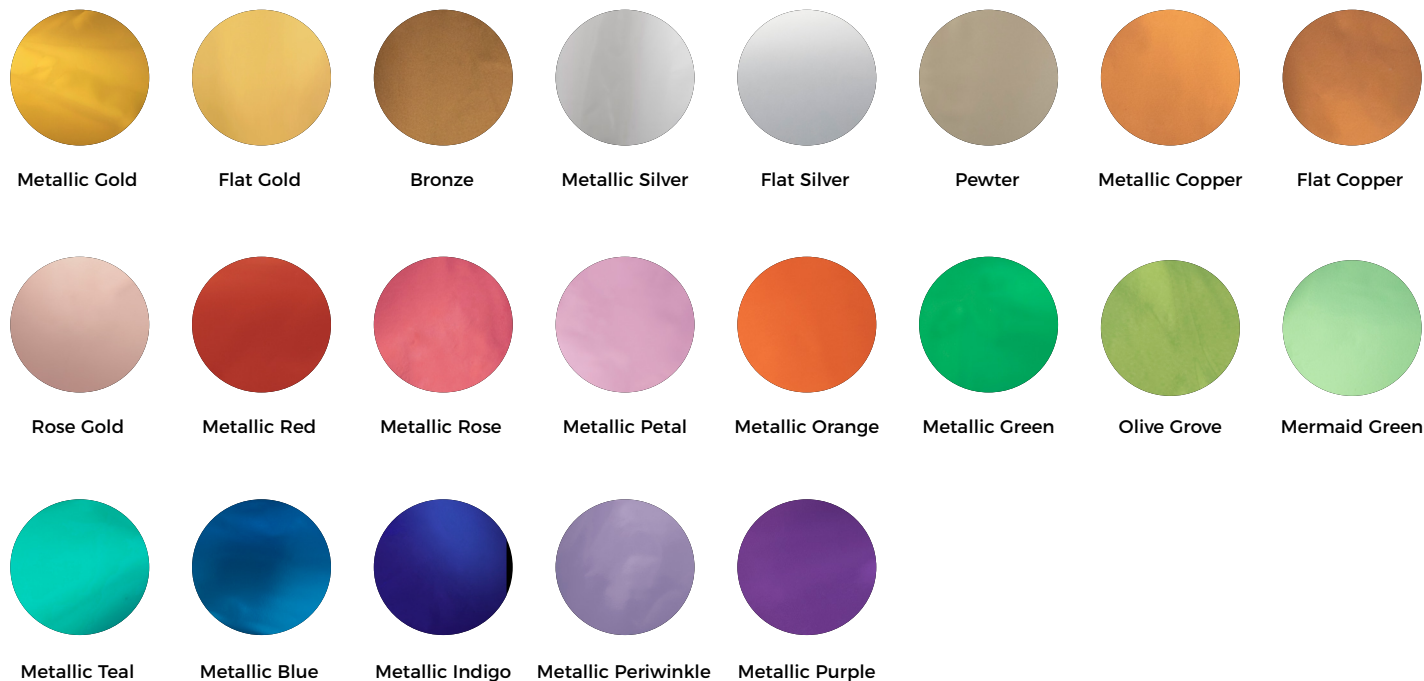

FULL COLOR PRINT

We offer full color UV logo printing for most products in our material bound collections. This option is ideal for logos with many complex details and colors that may not be suitable for stamping.

COLOR FOIL STAMP OPTIONS

This process involves the fabrication of a metal die that imprints your logo into the product with the application of foil. We have a wide variety of foils available in nearly every color.

MATTE & GLOSS

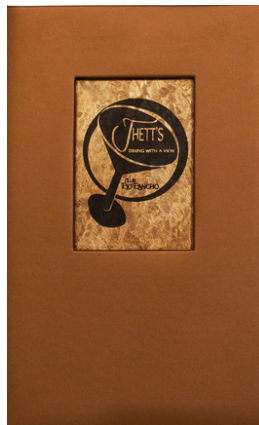

MONTICELLO WINDOW INLAY

A unique die-cut shape with an inlay of your choice in the cut-out area. Choose from a full-color photo print, die-stamped cover material, laser-engraved wood, or patina copper. Available for most products in our material bound collections, this option adds an eye-catching feature to your custom menu covers.

INTERIOR & FUNCTIONAL UPGRADES

STANDARD ALBUM-STYLE CORNERS
Paper inserts slip behind corner cards at each corner. A classic, traditional option with clean presentation, best suited to lighter-use environments.

UPGRADE STRIP CARDS
Adds a 1" retention strip at the top and bottom to better secure inserts. This upgrade improves insert stability, allows for easier insert changes, and creates a cleaner, more refined interior appearance.

BINDER POCKET UPGRADE

Add a black interior card with a 4" bottom pocket, perfect for in-room directories, wine lists, or supplemental inserts. Creates an organized experience for multi-section content.

Compatible with 3-Ring Binder, Chicago Menu Board, and Augusta Screwpost configurations.

COMMERCIAL GRADE 3-RING PAGE PROTECTORS

Code: **PAGEPRO** (Standard)
Code: **PAGEPRO-CMBFFWOOD** (Wood Chicago Menu Boards)
Code: **PAGEPRO-FH** (Augusta Screw Post)

Minimum: Pack of 100

Add extra protection, spill resistance, and durability to your binders and menu boards with our heavy-duty clear vinyl page protectors.

Compatible with 3-Ring Binders, Screw Post Binders, Chicago Menu Boards, and Augusta Eyelets. Available in all standard paper insert sizes, custom sizes available upon request.

Code: **CLEAR VINYL**

Code: **MATTE VINYL**

VINYL SHEET PROTECTOR INSERTS

Code: **CLEAR VINYL** or **MATTE VINYL**

Minimum: Pack of 100

Add protection and durability with our vinyl sheet protector inserts. These overlays fit snugly on top of your paper menu inserts in our album-style carded menu corners. Both the clear and glare-resistant matte finish options are easy to clean and stain resistant.

Available in all standard paper insert sizes. Compatible with carded menu covers.
