Sustainability Creates Efficiency

Dunnage Racks

- Store food safely elevated off the ground to protect against contamination.
- Easy to clean the rack and space underneath in the freezer or dry storage.
- CamLink® Connector allows securing of multiple racks together.

Ultimate #10 Can Rack

- Efficient storage for bulk ingredients utilizes First In, First Out (FIFO) rotation.
- Durable rack holds #5 or #10 cans and can be added to shelving system.
- Easy to remove cans with small pads in the front that provide leverage.

Camshelving® Universal Storage Rack

- Simplify organization and efficiency during prep with easily adjustable rack to fit diverse menus.
- Optimize storage with food pans, sheet pans, trays, pizza dough boxes, or food boxes in a customizable drawer system for easy access to ingredients.

Configure your Universal
Storage Rack System

Drying Rack

- Sanitary and efficient drying rack system promotes air flow to prevent wet stacking and bacteria growth.
- Customize to meet your needs with removable cradles that hold trays, pots, pans and cutting boards.

Camshelving Pegboard

- Store light-duty items on the handy pegboard to free up valuable space.

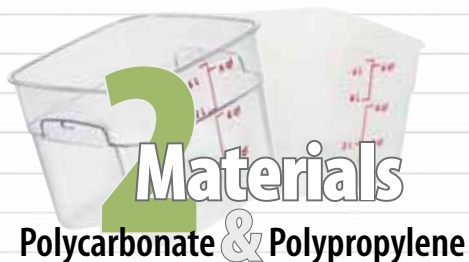

Sustainable Food Storage Solutions

With Cambro's innovative storage solutions, you can reduce food waste and enhance efficiency by extending product freshness. Durable materials withstand tough kitchen environments for long-lasting use.

CamSquares® FreshPro
