

Aurora

Aurora

hand-decorated, artisan approach

Inspired by the performing night skies of the Aurora Borealis, the Aurora collection from Steelite is as unique as the artisan that created it. Each piece is hand-decorated and features two reactive glazes to either create contrast, or achieve a sophisticated tonal look. In either case, the effect is one of richness and vibrancy that will enhance any type of cuisine.

Mix & Match

beautiful two-tone glazes

Aurora's two-tone glazes integrate perfectly with Steelite's Revolution and Vesuvius ranges, creating a tabletop that is unique and desirable. Comprised of two separate ranges, Aurora Revolution and Aurora Vesuvius, this collection is available in multiple colors and is great for mixing & matching.
