

Bead

crisp, timeless, and elegant styling

Bead defines a classic approach to dining, one which embodies best practice for back of house ease-of-use while delivering beautifully presented dishes to delighted diners. This range consists of two elements: Bead and Bead Accents, which can be mixed for a personalized collection. A classic linear design is carried across the main collection of Bead items, while the Bead Accents component offers an alternative decorative style to key presentation items alongside the classic iteration. The Bead Accents decoration provides a contemporary element that adds texture and visual excitement.
